

Camille Laurent

Mid-level Full-Stack Engineer

PROFILE

Full-stack engineer with 6+ years of experience building scalable web applications and internal tools for product-led teams. Strong focus on Python and modern JavaScript ecosystems, with a track record of improving performance, reliability, and delivery speed across frontend and backend systems.

EXPERIENCE

Full-Stack Engineer · PayNova

Feb 2023 - Present

- Built and maintained payment and subscription workflows used by 80,000+ monthly active users, reducing checkout drop-off by 14%.
- Developed backend services in Python and FastAPI and improved API response times by 32% through query optimization and caching.
- Shipped 12+ production features with React and TypeScript, collaborating with design and product to shorten release cycles by 20%.
- Introduced automated test coverage and CI checks, lowering production regressions by 25% over 6 months.

Software Engineer · VividOps

Jun 2020 - Jan 2023

- Designed internal admin tools and customer-facing dashboards with React, Django, and PostgreSQL for a B2B SaaS platform.
- Implemented Python batch jobs for data synchronization, processing over 2 million records per week with 99.8% success rate.
- Improved deployment pipelines with Docker and AWS, cutting average release time from 45 minutes to 18 minutes.
- Partnered with support and sales teams to deliver features that increased account retention by 9%.

Full-Stack Developer · Telescope Studio

Sep 2018 - May 2020

- Delivered responsive web applications for clients in retail and logistics using JavaScript, Python, and REST APIs.
- Built reusable frontend components that reduced development time for new pages by 30%.
- Created reporting dashboards and export tools that handled datasets of up to 500,000 rows.
- Worked closely with QA to stabilize releases and reduce critical bugs by 40% after launch.

EDUCATION

Master's Degree in Computer Science

Université Claude Bernard Lyon 1 · 2018

Bachelor's Degree in Software Engineering

Université Grenoble Alpes · 2016
