Ethan Michael Harper

Junior iOS Developer

PROFILE

Junior iOS Developer with hands-on experience building and maintaining Swift-based mobile features for consumer apps. Strong foundation in UIKit, SwiftUI, and REST API integration, with a focus on clean code, responsive UI, and collaboration with product and design teams.

EXPERIENCE

Junior iOS Developer · Northstar MobileJun 2023 - Present

- Built and shipped 8+ SwiftUI screens for a consumer finance app, contributing to a 15% increase in weekly active users over 6 months.
- Integrated REST APIs for login, account summary, and transaction history, reducing manual data refreshes by 40%.
- Worked with designers and QA to resolve 60+ UI and device-specific issues before release.
- Improved app startup performance by 18% by reducing unnecessary view rendering and optimizing image loading.

iOS Developer Intern · BrightPath AppsJan 2023 - May 2023

- Implemented reusable UIKit components for onboarding and profile flows, cutting duplicate UI code by 25%.
- Assisted in debugging crashes using Xcode and Firebase Crashlytics, helping reduce crash rate by 12%.
- Updated network request handling and error states across 3 app modules to improve reliability.
- Participated in weekly sprint planning, code reviews, and release testing for biweekly builds.

Mobile Development Intern · Lakeview DigitalJun 2022 - Dec 2022

- Supported development of an internal iOS utility app used by 200+ employees for scheduling and notifications.
- Created and maintained unit tests for view models and service layers, increasing coverage from 28% to 41%.
- Documented feature behavior and setup steps, reducing onboarding time for new interns and contractors.
- Collaborated with backend engineers to validate JSON payloads and fix 10+ integration issues.

Software Engineering Intern · CivicTech SolutionsJan 2022 - May 2022

- Assisted in building mobile-friendly features for a public service portal using Swift and UIKit.
- Worked on accessibility improvements including Dynamic Type and VoiceOver support for key screens.
- Helped triage and reproduce bugs across 2 release cycles, improving turnaround time for fixes.
- Contributed to internal Git workflows and pull request reviews in a small cross-functional team.

EDUCATION

B.S. in Computer Science
University of Illinois Chicago · 2022

Associate of Science in Information Technology
Oakton Community College · 2020
