Michał Kowalski

Senior Solutions Consultant

PROFILE

Senior Solutions Consultant with 10+ years of experience helping enterprise clients design, validate, and adopt complex software solutions across SaaS, cloud, and digital transformation programs. Strong background in discovery, solution architecture, stakeholder management, and pre-sales support, with a consistent record of improving win rates and reducing implementation risk.

EXPERIENCE

Senior Solutions Consultant · CloudBridge Systems Sp. z o.o. Jan 2021 - Present

- Supported 40+ enterprise sales pursuits across finance, retail, and manufacturing, contributing to a 28% increase in annual win rate.
- Led solution workshops and tailored product demonstrations for C-level stakeholders, shortening the sales cycle by an average of 17 days.
- Coordinated technical validation and proof-of-concept delivery with delivery teams, reducing late-stage scope changes by 35%.

Solutions Consultant · NexaTech Polska May 2017 - Dec 2020

- Partnered with account executives on 60+ discovery engagements and created business cases aligned to client ROI targets.
- Designed CRM and workflow solutions for mid-market and enterprise customers, improving proposal acceptance rates by 22%.
- Built standard demo environments and reusable presentation assets that cut preparation time for new opportunities by 40%.

Technical Account Manager · Softline Eastern Europe Mar 2014 - Apr 2017

- Managed post-sale technical relationships for 25 key accounts, maintaining a 95% customer retention rate.
- Translated client requirements into implementation plans and supported issue resolution, reducing escalations by 30%.
- Delivered quarterly business reviews and adoption plans that increased product utilization across customer teams.

Implementation Specialist · Comarch Jul 2010 - Feb 2014

- Implemented enterprise software projects for clients in telecom and services, completing 18 successful go-lives.
- Conducted process mapping and configuration workshops to align solutions with operational requirements.
- Worked closely with support and development teams to resolve critical issues and meet project milestones on time.
