CERTIFICATIONS

Google Data Analytics Professional Certificate

Ana García Pérez

Junior Data Scientist

PROFILE

Highly analytical Junior Data Scientist with a strong foundation in statistical modeling, machine learning, and data visualization. Eager to leverage data-driven insights to solve complex business problems and contribute to innovative projects. Proficient in Python for data analysis and predictive modeling.

EXPERIENCE

Junior Data Scientist · Innovatech Solutions Jan 2023 - Present

- Developed and deployed Python scripts for automated data extraction and transformation, reducing manual processing time by 20%.
- Built predictive models using Scikit-learn to forecast customer churn, improving prediction accuracy by 15% for the marketing department.
- Conducted A/B tests on new product features, providing insights that led to a 5% increase in user engagement.
- Collaborated with engineering teams to integrate machine learning models into production systems, supporting over 100,000 daily users.

Data Analyst Intern · Data Insights S.L. Jul 2022 - Dec 2022

- Performed SQL queries to extract and analyze data from large databases, supporting monthly business intelligence reports.
- Created interactive dashboards in Tableau to visualize key performance indicators, enhancing data accessibility for 5+ internal teams.
- Assisted senior data scientists in data cleaning and preprocessing tasks using Python's Pandas library for various projects.

Research Assistant · Universitat Politècnica de Catalunya (UPC) Sep 2021 - Jun 2022

- Collected and meticulously organized large datasets for academic research projects, ensuring data quality for subsequent analysis.
- Applied basic statistical methods in R to analyze experimental results, contributing to two published research papers.
- Developed data collection protocols, improving efficiency by 10% for research surveys.

EDUCATION

Master's in Data Science
Universitat Politècnica de Catalunya (UPC) · 2023

Bachelor's in Computer Science
University of Barcelona · 2021
