AWS Certified Solutions Architect - Associate

Certified ScrumMaster (CSM)

Ethan Chen

Engineering Manager

PROFILE

An accomplished Engineering Manager with over 8 years of experience leading cross-functional teams in the development and delivery of scalable software solutions. Proven ability to drive technical strategy, foster a collaborative team culture, and consistently exceed project goals in fast-paced environments. Expert in agile methodologies, cloud infrastructure, and optimizing development lifecycles.

EXPERIENCE

Engineering Manager · NorthPeak Innovations Jan 2021 - Present

- Managed a team of 8 software engineers, increasing team productivity by 25% through improved agile practices and process optimizations.
- Led the successful migration of a monolithic application to a microservices architecture on AWS, reducing operational costs by 15% and improving system reliability by 20%.
- Oversaw the full lifecycle of 3 major product releases, consistently delivering projects 10% ahead of schedule and within budget.
- Mentored junior engineers, leading to a 40% reduction in critical bugs and a 15% improvement in code quality across the team.

Senior Software Developer · Quantum Dynamics Inc. Aug 2017 - Dec 2020

- Designed and implemented core components for a high-volume data processing platform, handling over 1 million transactions daily.
- Improved system performance by 30% through targeted code optimizations and database query enhancements.
- Collaborated with product management to define technical requirements and feasibility for new features, contributing to a 10% increase in user engagement.

Software Developer · TechSolutions Canada May 2015 - Jul 2017

- Developed and maintained RESTful APIs for client-facing applications, serving over 50,000 active users.
- Participated in daily stand-ups and sprint reviews, contributing to a 95% on-time delivery rate for assigned tasks.
- Wrote comprehensive unit and integration tests, reducing production incidents by 20%.

EDUCATION

Master of Engineering in Software Engineering

University of Waterloo · 2015

Bachelor of Science in Computer Science

McMaster University · 2013
