

Isabella Rodriguez

Junior iOS Developer

PROFILE

Enthusiastic Junior iOS Developer with a strong foundation in Swift and Xcode, eager to contribute to dynamic mobile development teams. Proven ability to create user-centric applications, optimize performance, and collaborate effectively throughout the development lifecycle.

EXPERIENCE

Junior iOS Developer · Mobile Innovations Inc.

Jan 2023 - Present

- Developed and maintained key features for a flagship e-commerce iOS application, reaching over 500,000 active users.
- Optimized app performance by refactoring existing code, reducing launch time by 15% and memory usage by 10%.
- Collaborated with a cross-functional team of 5 to implement new UI/UX designs, resulting in a 20% increase in user engagement.
- Participated in code reviews and contributed to documentation, enhancing code quality and team efficiency.

iOS Development Intern · Tech Solutions Corp.

Jun 2022 - Dec 2022

- Assisted senior developers in building and testing new modules for an internal productivity tool, used by 200+ employees.
- Implemented push notification functionality using Firebase, leading to a 25% improvement in user retention for specific features.
- Debugged and resolved 30+ reported bugs across various app versions, improving overall application stability.

Freelance iOS Developer · Self-Employed

Jan 2022 - May 2022

- Designed and developed a simple habit-tracking application for personal portfolio, receiving 100+ downloads on TestFlight.
- Integrated third-party APIs for weather data, enhancing application functionality and user experience.

EDUCATION

Bachelor of Science in Computer Science

University of California, Berkeley · 2022
