

Javier García Fernández

Senior Frontend Engineer

PROFILE

Highly experienced Senior Frontend Engineer with over 8 years of dedicated experience in developing scalable and performant web applications. Proven ability to lead complex projects, mentor junior developers, and implement best practices in modern web development frameworks. Specialized in crafting exceptional user experiences and optimizing application performance across various platforms.

EXPERIENCE

Senior Frontend Engineer · TechInnovate Solutions

Jan 2021 - Present

- Led a team of 4 frontend engineers in the development of a new customer portal, reducing page load times by 30% through optimized asset delivery and code splitting.
- Architected and implemented a component library using React and Storybook, increasing development efficiency by 25% and ensuring design consistency across 5+ products.
- Drove the adoption of TypeScript across all new projects, significantly reducing runtime errors and improving code maintainability for a codebase of over 100k lines.
- Mentored 3 junior developers, improving their coding practices and contribution velocity by an average of 40% within their first year.

Frontend Engineer · Digital Dynamics S.L.

Mar 2017 - Dec 2020

- Developed and maintained core features for a high-traffic e-commerce platform, contributing to a 15% increase in conversion rates.
- Migrated legacy jQuery codebase to a modern React architecture, improving application responsiveness and developer experience.
- Collaborated with backend teams to integrate RESTful APIs, ensuring seamless data flow and optimal performance for user-facing features.

Junior Frontend Developer · WebCrafters Agency

Sep 2015 - Feb 2017

- Implemented responsive designs for client websites using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and mobile responsiveness.
- Assisted in the development of custom WordPress themes and plugins, enhancing client website functionality.
- Participated in daily stand-ups and sprint planning, contributing to agile development cycles.

EDUCATION

Bachelor's Degree in Computer Engineering

Universidad Politécnica de Madrid · 2015
